

No. 06

SAFETY ALERT

Jet-Bridge Maneuvering Area

October 25, 2018

A no parking area for vehicles is indicated by red striping inside a red border. This line depicts the area that must remain free of staff, vehicles and equipment.

The size of this area depends on the type of aircraft fitted for any given gate. The area should be dimensioned to allow for a safety zone around jet bridge maneuvering which must be kept free of obstructions to avoid equipment / personnel accidents.

The area under a jetbridge has to be kept free of vehicles and equipment to ensure the safe operation of the jetbridge. Such obstructions impact the safety and timely operation of a flight.
